

FOR IMMEDIATE RELEASE: AUGUST 13, 2014

ENTEL SYSTEMS PURCHASES A NEW YORK TELECOM

Description: New Jersey based technology solutions company – Entel Systems, Inc. has purchased New York based telecom company Midatlantic Telecom effective August 18, 2014.

Pompton Plains, New Jersey, August 13, 2014 – Don Giordano, Vice President of Entel Systems, announced his company has purchased New York City based Midatlantic Telecom effective August 18, 2014.

Entel Systems, New Jersey – New York Metropolitan Area’s largest Toshiba provider of VoIP and CLOUD Based Systems expands its operation with the addition of this well established New York telecom. With the announcement, Entel VP Don Giordano stated ‘Although we have always had a New York presence, this move is part of our long range strategic plan for business expansion and revenue growth.’

Entel Systems is a multi-dimensional telephone service provider in business since 1992 and is a company that has built its reputation by providing unparalleled service and a corporate culture that puts the customer first.
